

*Dear Sir or Madam,*

*I am currently in the 2nd year of engineering cycle at ENSAM CASABLANCA in the field of artificial intelligence & computer science, I am looking for a company that could welcome me as part of a summer internship for the duration of two month starting from July the 1st, 2021.*

*In fact, the mission that your company stands for is a very noble one, and I can see how important it is to make healthcare accessible to everyone coming from a country suffering from what I can call a healthcare crisis.*

*That is why I turned to your company since your sector of activity corresponds perfectly to my future professional aspirations in addition to the fact that, I strongly believe in your mission.*

*Indeed, I can describe myself as a motivated, serious person who is passionate about the field of Machine Learning and artificial intelligence. In addition, I have acquired a lot of knowledge in the field whether it is from the lectures or the various certificates that I've completed. I am also able to work with the Agile methodology in particular the kanban framework because I was already adopting it to organize my work within team projects.*

*Therefore, I would be more than delighted to include my skills as well as my enthusiasm and my motivation to work with you. I invite you to visit my LinkedIn profile and my attached resume.*

*I am also available for any further information.*

*In the hope that this request will be favorable considered, accept, Sir, Madam the assurances of my highest consideration.*
